

by the IMF. The loan is at an interest rate well below what the company could get in the normal course of business. We have been critical in the past of Korean government loans of this type which have been used to build additional steel capacity and have indirectly come from IMF funds.

By all measures, Dongkuk is the weakest of the (non-bankrupt) steel mills in Korea and should not have been eligible for the KDB loan due to its size (larger than allowed) and poor credit standing. It has arranged for stories in the Korean press claiming that it has been profitable in 2001. However, its financial filings with the Korean government Financial Supervisory Service shows a large loss. Dongkuk has also been found guilty of dumping both steel plate and rebars in the U.S. market. It appears that the company has dumped its products in the U.S. to generate high gross sales numbers to support its campaign for a government subsidy to help bail out an unprofitable company, even though these sales were unprofitable.

Dongkuk's public campaign has been extended to the U.S. where a recent delegation of Korean steel industry leaders that came to the U.S. to lobby various trade officials was composed of nearly only officials of Dongkuk and its subsidiary, Union Steel.

I am writing to request that your office initiate an investigation into Dongkuk's financial arrangements, including its use of IMF funds through the Korean Development Bank to provide subsidies to the Korean steel industry. Please also advise us whether these arrangements violate any of the U.S. trade laws and please also take such actions as they may be appropriate to ensure that Dongkuk is barred from acquiring any additional steel assets, either directly or indirectly, in Korea as long as it continues to obtain subsidized funds from the Korean Development Bank.

I want to thank you in advance for your kind consideration of my request and I look forward to hearing from you in the near future. I remain

Very Truly Yours,

STEVEN C. LATOURETTE,
Member of Congress.

IDAHO'S RESOLUTION FOR ENERGY POLICY

HON. C.L. "BUTCH" OTTER

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 2, 2001

Mr. OTTER. Mr. Speaker, I respectfully offer for my colleagues' attention the following astute remarks contained in the resolution proposed by the Canyon County Republican Central Committee and adopted by the Idaho Republican Party at its 2001 Summer State Central Committee Meeting on June 16, 2001. I could not agree more with the statements and sentiments of my fellow Idaho Republicans, and am pleased that this Congress has begun to take steps to see that the energy goals of Idaho and other states are fulfilled as quickly as possible.

A RESOLUTION OF THE IDAHO REPUBLICAN PARTY

Whereas, over the last decade, the West has experienced tremendous economic and population growth. The growth has resulted in significant new demands on energy re-

sources of all types. Over the last year, the United States, and the West in particular, have seen its surplus energy resources disappear, resulting in unprecedented prices for electric energy and natural gas. This situation has resulted in curtailment of energy intensive industries and subsequent employment displacement. Furthermore, the situation has revealed that there is not adequate amounts of electric energy generation or electric and gas transmission available to meet current or future needs due to a variety of reasons, including non-existent national energy policy, lack of new investment in construction, inefficient sitting regulations, local opposition, and a myriad of statutory and regulatory impediments;

Whereas, the West plays a critical role in energy policy and development due to its abundance of natural gas, clean coal, hydropower resources, and emerging non-hydropower renewable resources;

Whereas, the citizens of Idaho have historically been the beneficiaries of some of the lowest energy costs in the United States largely because of the clean, renewable hydropower, an efficient electric distribution and transmission system and proximity to affordable natural gas reserves and pipelines;

Whereas, these energy resources have played a significant role in the development of Idaho's economic prosperity and will play a key role in future economic growth and energy cost affordability for Idaho citizens;

Now, therefore, be it resolved, That the Idaho Republican Party urges policy makers at all levels of government, to support and enact energy policies that continue to allow Idaho citizens to have access to clean, affordable, and reliable energy. These policies should include, but are not limited to, a streamlined regulatory process for construction and operation of electric generation, electric transmission, and natural gas pipelines. These policies should also specifically include support for hydropower relicensing reform, improving energy efficiency and conservation, development and deployment of new technologies for traditional and emerging generation systems and short-term measures to support low-income families with energy payments.

Be it further resolved, That policy makers at all levels coordinate their policies and procedures with each other to maximize taxpayer dollars and provide non-duplicative, efficient and effective government oversight responsibility.

This resolution proposed by the Canyon County Republican Central Committee, was duly considered and adopted by the Idaho Republican Party at its 2001 Summer State Central Committee Meeting.

IN WITNESS WHEREOF I have hereunto set my hand and Seal of the Part at Twin Falls, Idaho, this 16th day of June, A.D. 2001.

Trent L. Clark, State Party Chairman

TRIBUTE TO PORT AUTHORITY EMPLOYEES LOST ON SEP- TEMBER 11, 2001

HON. STEVEN R. ROTHMAN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 2, 2001

Mr. ROTHMAN. Mr. Speaker, I rise today to pay tribute to all those who perished in the attacks on America on September 11, 2001. To their family members and friends, words can-

not adequately express the feelings that I and all Americans have for the pain and loss they have and will continue to endure.

Among the brave firefighters and police officers and thousands of other innocent people who perished in the collapse of the World Trade Center, were seventy-four employees of the Port Authority (PA) of New York and New Jersey. These men and women, who were dedicated to making our transportation system in the New York and New Jersey the best in the world, are sorely missed by their families, friends and a grief stricken nation. The energy, the innovation, and the commitment to public service of these PA employees will long be remembered by me and a grateful nation.

The work and sacrifice of these PA officials must not only be remembered by America and all Americans, but it also must be honored. I will honor these brave men and women by building on the proud legacy they have left to the PA.

Clearly, the American people's united commitment to continuing our love of freedom, democracy, rule of law, tolerance and justice, will prevail during the ensuing days and months as our nation pursues all those responsible for the September 11, 2001, attack on America. In that struggle, let us neither waiver nor bend in our global campaign against those who cut short the lives of thousands of Americans.

Mr. Speaker, I ask that the attached list of Port Authority of New York and New Jersey employees who were lost in the September 11, 2001 attack on the World Trade Center be included in the CONGRESSIONAL RECORD.

Deborah H. Kaplan, Douglas G. Karpiloff, Sergeant Robert M. Kaulfers, Frank Lalama, Officer Paul Laszcynski, Officer David P. Lemagne, Officer John J. Lennon, Officer John D. Levi, Executive Director Neil D. Levin, Margaret S. Lewis, Officer James F. Lynch, Robert H. Lynch, Myrna Maldonado, Captain Kathy Mazza, Officer Donald J. McIntyre, Officer Walter A. McNeil, Dir./Supt. of Police Fred V. Morrone, Officer Joseph M. Navas, Pete Negron, Officer James Nelson, Officer Alfonse J. Niedermeyer, David Ortiz, Officer James W. Parham, Nancy E. Perez, Officer Dominick A. Pezzulo, Eugene J. Raggio, Officer Bruce A. Reynolds, Francis S. Riccardelli, Officer Antonio J. Rodrigues, Officer Richard Rodriguez, Chief James A. Romito, Kalyan K. Sarkar, Anthony Savas, Officer John P. Skala, Edward T. Strauss, Officer Walwyn W. Stuart, Officer Kenneth F. Tietjen, Lisa L. Trerotola, Officer Nathaniel Webb, Officer Michael T. Wholey, Joseph Amatuccio, Officer Christopher C. Amoroso, Jean A. Andrucki, Richard A. Aronow, Ezra Aviles, Arlene T. Babakitis, James W. Barbella, Officer Maurice V. Barry, Margaret L. Benson, Daniel Bergstein, Edward Calderon, Officer Liam Callahan, Lieutenant Robert D. Cirri, Carlos Dacosta, Dwight D. Darcy, Niurka Davila, Officer Clinton Davis, Frank A. De Martini, William F. Fallon, Stephen J. Fiorelli, Officer Donald A. Foreman, Officer Gregg J. Froehner, Barry H. Glick, Officer Thomas E. Gorman, Joseph F. Grillo, Ken G. Grouzalis, Patrick A. Hoey, Officer Uhuru G. Houston, Officer George G. Howard, Officer Stephen Huczko, Inspector Anthony P. Infante Jr., Prem N. Jerath, Mary S. Jones, Officer Paul W. Jurgens.
